Button

A registration form UI mockup within a browser window. The browser's address bar is empty. The page header contains the text "Logo of WebApp" on the left and two links, "Register" and "Login", on the right. The main form area is a light gray rectangle containing five input fields, each preceded by a label. The labels are "Username:", "First Name:", "Last Name:", "Email:", and "Password:". The "Username:" label is followed by a small text note "requirments of username" (note the spelling). Each label and its corresponding input field are vertically stacked with consistent spacing.
